

CFA Parent Pledge

As a parent, grandparent or caring adult of _____
I am committed to the academic achievement and success of my child. In demonstrating this commitment, I pledge to:

- Make sure that my child reads with an adult or independently (if able) each day.
- Make sure that my child completes all homework assignments to the best of his/her ability. I will encourage him/her to ask for help whenever needed.
- Review my child's work and sign off on his/her academic planner each evening.
- Make sure my child arrives at school on time, well rested, in full uniform and prepared for a full day of instruction and learning.
- Contact the school in any case by 9AM if my child is absent.
- Actively encourage my child to treat all members of the CFA community with respect. I understand that *I* must model at all times positive, respectful conduct towards others.
- Embrace CFA's commitment to college preparation and actively support my child's work to learn about college and the work he/she must do to be a college graduate.
- Treat my child's teachers as a valuable resource and work closely with them to support academic achievement and classroom behavior expectations and consequences.
- Monitor my child's academic growth, review each report card and progress report, attend each Parent-Teacher Conference and participate, whenever possible, in school events.
- Contact my child's teacher(s) if I have any questions or concerns as well as in cases in which my child relays information that I think CFA might need to know to ensure a safe learning environment for all.
- Review with my child the CFA Family Handbook detailing the school's expectations, procedures, and policies. I understand my signature below indicates that I will follow and uphold these policies to the best of my ability.

By signing the CFA Parent Pledge, you are signifying your strong and ongoing commitment toward the academic development and future success of your child. Thank you for being a caring, involved and accountable parent.
